Dear Panel Coordinator,

Melbourne Metro Rail Project Inquiry and Advisory Committee (IAC)

We act for Stonnington City Council in relation to the IAC.

We refer to item 19 of the IAC's directions dated 29 July 2016.

The direction sought by Stonnington City Council from the IAC at the directions hearing was for the provision of documents by the Melbourne Metro Rail Authority (**MMRA**) containing certain information. Following the directions hearing, the Council was assisted by Government with reference to the following documents being:

1. MMRA (2015) *South Yarra Station Options Assessment*.
2. PTV, *Melbourne Metro Rail Project – South Yarra Metro Station Customer Outcomes and Economic Assessment Report (2015)*.
3. AJM, *South Yarra MM Platforms – Technical Options Study (2015)*.

On that basis, the Council no longer seeks a direction from the Panel.

Yours sincerely,

Kim Piskuric
HARWOOD ANDREWS
