not answered	
Q47. How satisfied are you that the proposed standard addressing accessibility will improve the amenity of apartments?	Dissatisfied
Q48. Would you recommend any changes to the standard addressing accessibility?	
Yes	
Q49. If yes, please specify.	
Make it a requirement that there are reinforcements in the bathroom walls in the shower recess and beside the toilet so that the installation of rails could be undertaken in a very cost effective way in future if required. There is minimal cost involved in the placement of noggins or reinforced sheeting during construction phase in order to achieve this outcome. Refer to the Livable Housing Australia Design Guidelines for further details - www.lha.org.au	
Q50. How satisfied are you that the proposed standard addressing dwelling entry and internal circulation will improve the amenity of apartments?	Satisfied
Q51. Would you recommend any changes to the standard addressing dwelling entry and internal circulation?	
No
