Have your say on proposed planning provision changes to 49A Drummond Street, Creswick

The land at 49A Drummond Street, Creswick (the site) has been determined surplus to the Victorian Government's current and future requirements. The Department of Treasury and Finance (DTF), on behalf of the landowner Department of Environment, Land, Water and Planning, has requested that the planning provisions for the site be changed to reflect that it is no longer required for public use and to help facilitate its sale.

The Minister for Planning has referred the proposal to the independent Government Land Standing Advisory Committee (Advisory Committee) for consideration and to provide recommendations on the suitability of the proposed planning scheme changes.

Site details:

The 2.26ha site is located in central Creswick, approximately 20 kilometres north of Ballarat. The site is an irregular wedge shape which is currently vacant. It was previously used as school pine plantation and still includes dense planted vegetation and open grassed areas throughout the site.
