Affected property:

Attachment: engage.vic.gov.au

Comments: It seems that this proposal will dump a lot of trucks onto Millers Rd and Blackshaws Rd for very little gain. It will also increase truck numbers on Williamstown Rd, creating a bigger traffic headache at peak hour. Labor's plan to take trucks off the streets by building an off-ramp off the West Gate onto Whitehall Street seemed far more effective. No-one has voted for this tunnel, or this proposal. If you want to invest \$5.5 billion of taxpayer's money, take it to an election.
