

## **Attachment 22 – List of Project Investigations**

Aither 2014. Social and economic assessment- Vinifera Water Management Works, Benefits for the Basin Plan Sustainable Diversion Limits offset program business case. Report for the Mallee CMA.

Alluvium 2013. Vinifera Park Water Options Project. A report prepared for the Mallee Catchment Management Authority, Irymple, Victoria.

Aitken Rowe 2012. Geotechnical investigation – Nyah and Vinifera Water Management Options, Nyah and Vinifera, Vic. Report by Aitken Rowe to Alluvium.

Bennett et al (2007). Valuing the protection of Victorian Forests: Murray River Red Gums and East Gippsland. Funded by Victorian Environmental Assessment Council, Crawford School, ANU.

Brown, G., D. Bryant, and G. Horrocks 2013. Terrestrial vertebrate fauna surveys of the Burra Creek and Nyah-Vinifera reserves, northern Victoria. Irymple: Arthur Rylah Institute Report to Mallee Catchment Management Authority, Irymple, Victoria.

Bureau of Rural Sciences 2009. River Murray Corridor Victorian AEM Mapping Project. Boundary Bend-Nyah GIS. Commonwealth of Australia (Geoscience Australia), 2009.

Cook 2012. Preliminary investigation of the floodplain vegetation of Nyah-Vinifera Forest. Patterson Lakes, Victoria: Australian Ecosystems report prepared for Wadi Wadi Community and Friends of the Earth.

Community Engagement and Partnership Working Group 2012, Community Engagement and Partnerships Framework for Victoria's Catchment Management Authorities, Victorian Catchment Management Forum.

Cunningham, S.C., P. Griffioen, M. White, and R. MacNally. Mapping the condition of river red gum (*Eucalyptus camaldulensis* Dehnh.) and black box (*Eucalyptus largiflorens* F. Muell.) stands in The Living Murray Icon Sites. Stand condition report 2010. Canberra: Murray-Darling Basin Authority, 2011.

Davies, P., J. Harris, T. Hillman, and K. Walker 2008. Sustainable Rivers Audit SRA Report 1. A report on the ecological health of rivers in the Murray-Darling Basin 2004-2007. Canberra: Murray-Darling Basin Commission.

DSE 2011. Nyah Vinifera Floodplain Management Unit Environmental Water Management Plan. Department of Sustainability and Environment. Melbourne, Victoria.

DSE 2013. Terrestrial vertebrate fauna surveys of the Burra Creek and Nyah-Vinifera reserves, northern Victoria. A report to the Mallee Catchment Management Authority. Report for the Mallee CMA.

DEPI 2014. Ecological Vegetation Classes by Bioregion, Department of Environment and Primary Industries, Victoria.

Ecological Associates 2006. Investigation of water management options for the Murray River - Nyah to Robinvale. Irymple, Victoria: Ecological Associates Report AL009-4-B prepared for Mallee Catchment Management Authority.

Ecological Associates 2007. Final Report: Water Management Options for the River Murray – Nyah to Robinvale Stage II. Report to the Mallee Catchment Management Authority, Mildura.

Ecological Associates 2014. SDL Rationale and Outcomes. Ecological Associated report AL040-1D prepared for Mallee Catchment Management Authority, Irymple.

Ecological Associates 2014. SDL Floodplain Watering Projects: Monitoring and Evaluation. Ecological Associated report AL045-1-B prepared for Mallee Catchment Management Authority, Irymple.

Ecological Associates, 2014. SDL Floodplain Watering Projects: Operational Plan. Report prepared for Mallee CMA, Irymple.

Fuller DA & Teller AL, 2007. Salinity Impact Assessment Framework – Living Murray Works and Measures Consultancy report by URS and AWE for Murray Darling Basin Commission, April 2007.

GHD 2013. Flora Census Summary Report. Report for the Mallee CMA.

GHD 2014. Nyah, Vinifera and Burra Creek Review of Water Management Options and Concept Designs. Report for the Mallee CMA.

GHD 2014a. Basin Plan Environmental Works Program: Approvals Strategy. Report for the Department of Environment and Primary Industries.

Gippel, C.J. 2014. Spells analysis of modelled flow for the River Murray from Swan Hill to the South Australia Border. Fluvial Systems Pty Ltd, Stockton. Mallee CMA November

Grinter, B., Edwards, A. & Bell, J 2014. Nyah-Vinifera Park, River Red Gums National Park Due Diligence Assessment. Jo Bell Heritage Services Pty. Ltd. Euroa, Victoria.

Hames, F. 2014. Fish Passage Workshop. Arthur Rylah Institute for Environmental Research Unpublished Client Report for Mallee Catchment Management Authority, Department of Environment and Primary Industries, Heidelberg, Victoria.

Jacobs 2014. Hydrodynamic modelling of SDL sites - Vinifera preliminary modelling report. Irymple, Victoria: Jacobs report prepared for Mallee Catchment Management Authority.

Lloyd Environmental 2014. SDL offsets projects – risks investigation, assessment and management strategy. Report for the Mallee Catchment Management Authority, Irymple, Victoria.

Mallee CMA 2010. Nyah Vinifera Floodplain Management Unit Environmental Watering Plan. Mallee Catchment Management Authority, Irymple, Victoria.

RMCG 2014. Vinifera Floodplain Sustainable Diversion Limits Offset Project, Final Communication and Engagement Strategy. Report for the Mallee CMA.

SKM 2014. Preliminary Salinity Impact Assessment for Mallee Environmental Watering Projects – other sites. Report for the Mallee CMA.

Thorne R., Hoxley G. and Chaplin H., 1990. Nyah to the South Australian Border Hydrogeological Project, Cross Sections and Plans. Rural Water Commission of Victoria, Investigations Branch Report 1988/5, June 1990.

VEAC 2008. River Red Gum Forests Investigation. Victorian Environmental Assessment Council, East Melbourne, Victoria.

Water Technology 2014. Mallee CMA Sustainable Diversion Limit Offset, Water Resourcing Arrangement. Report prepared for Mallee Catchment Management Authority, Irymple, Victoria.

White, M., et al. 2003. The Vegetation of North-West Victoria. Heidelberg: Arthur Rylah Institute for Environmental Research, Department of Sustainability and Environment.

Young, W.J. 2001. Rivers as Ecological Systems. Edited by W.J. Young. Canberra: Murray-Darling Basin Commission.
