Schedule of planned activities

Community and stakeholder engagement and consultation for the proposed Victoria Energy Terminal (VET) is guided by the project development phases and the EES Consultation Plan.

Consultation activities planned from 1 July 2025 to 30 September 2025 will inform stakeholders on project milestones and the public comment process led by the Department of Transport and Planning (DTP). Feedback will also be gathered to gain insights into project sentiment and key areas of concern for the local community. During this period, Vopak will continue progressing towards the submission of the EES for assessment.

This document provides a schedule of activity planned for Q3 2025. **Activities and timing are subject to change based on ongoing stakeholder feedback and project progress.**
