Minister for Planning
GPO Box 2392
Melbourne Vic 3001

Dear Minister

Re: EES Referral for Willatook Wind Farm Pty Ltd

Energy Forms represents Willatook Wind Farm Pty Ltd who are proposing a large-scale wind farm in Willatook, Victoria. This letter accompanies the Environmental Effects Referral (EES) for the project. A completed referral form and associated supporting expert reports are attached to this letter in hard copy, a USB containing all documents provided, and an email sent to the required address.

The proposed Willatook Wind Farm currently comprises a maximum of 83 wind turbines and associated permanent and temporary infrastructure, occupying an area of approximately 240 ha. Please accept this as our formal submission of the EES referral. The project represents a significant project which will contribute to Victoria's renewable energy infrastructure and supply.

We would be pleased to respond to any queries or discuss this project with you and DELWP staff. Please contact either me on 0408 587 095 or Richard Barker for Willatook Wind Farm on 0407 433 734 to discuss the project.

Regards
