Coastline and beautiful forests and wildlife

5. What aspect of the Great Ocean Road and its landscapes would you most like to see protected?

I want a balance between tourism and those that live and make living in area

6. What aspect of the Great Ocean Road and its landscapes would you most like to see changed?

Traffic !!!! We have so many visitors we need the infurstration to support so many visitors and make it safe for people that live in area.

I live and work on [REDACTED] and every day I worry my partner will be involved in car accident as people constantly try and overtake him in tractor when he is turning into our driveway on double lines!!!!

It is not fair anyone should have to live in constant state of worry when the issue can be fixed.

I suggest introduction of slow vehicle or overtaking areas between The 12 Apostles and Colac.

Also all trees that obscured view of road be removed from the side of the road.

Been able to see on coming danger would prevent accidents.

I also want to see the carp ark at the 12 Apostles increased in size. By acquiring land between 12 Apostles and Gibson Steps there would be no need for barriers and people can safely move between viewing areas via safe car park and footpaths.

Traffic and Road safety

Spending money on signs that say we drive on left are joke!!! Improve the road quality, visiabilty(remove trees or just branches right on road), allow areas for slow vechile and farm be hiked to be overtaken safely
