PPF TRANSLATION

Murrindindi Shire Council became the first municipality in Victoria to have the local policy content in their planning scheme fully integrated into the new Planning Policy Framework (PPF), following the gazettal of [C65muri](#) last week. The PPF translation project is a key focus of the Smart Planning program's Stage 3 reform agenda. A fully integrated PPF will result in better alignment of state policy with local policy, less duplication, stronger policy overall and, importantly, a simpler and more succinct planning scheme. The fully [integrated Murrindindi planning scheme](#) can be viewed at [Planning Schemes Online](#).

NATIVE VEGETATION REMOVAL IN VICTORIA

DELWP has committed to report annually on native vegetation removed and offset under the native vegetation planning provisions (Clause 52.16 and 52.17) of all planning schemes in Victoria. To do this DELWP needs Councils to provide permit numbers, native vegetation removal report ID numbers and details of offset sites protected under s173 agreements. DELWP sent a request and data log template to all Councils. Thank you to Councils who have already submitted data. Please complete the data log for 2018/2019 financial year and submit to Nativevegetation.support@delwp.vic.gov.au by 23rd July 2019.

PIA PLANET
