

## Community Information Session New Youth Justice Centre

The Victorian Government is building a new youth justice centre in Wyndham at a site located west of Werribee in the vicinity of Cherry Creek.

The new centre is part of ensuring the safety of the wider community, youth justice staff and young people in contact with the justice system.

Community members are invited to attend an information session where further details will be provided about the new youth justice centre.

Attendees will be able to visit a range of information booths and speak to representatives, ask questions and seek information about the project.

The local community will also have an opportunity to meet Community Advisory Group members.

Light snacks and refreshments provided. Bookings or registrations are not required.
