Just wanted to say that we are pretty worried and to be honest shocked that there are suggestions that management of GOR Marine Parks and National Parks might be taken out of the hands of Parks Vic and handed over to the new authority.

National Parks are under incredible pressure and any weakening of the protections of such places at this critical time for our Australian flora and fauna would be negligent and morally reprehensible.

We are absolutely sure that the best management of these irreplaceable natural assets lies with the Parks Vic authority.
