2 - 4 times

4. **What do you love most about the Great Ocean Road and its landscapes?**

I think we have an amazing land that we have to recognize because it's sacred and I welcome myself to aboriginal land and the rights they have doesn't matter if we are black or white we should be concentrating on looking after our land and who were the first to settle I believe in being as one!

5. **What aspect of the Great Ocean Road and its landscapes would you most like to see protected?**

It's not up to us it's up to the first owners of this land and they are the aboriginal people but you know we have to be very careful of our land that we protect and make sure we help each other as a team.

None thank you it is not our rights we go through the aboriginal land right people and there the people we talk to. But finding natural plants for our land would be really great idea

7. **Do you work for, own or operate a business, or are you a member of a community organisation, that benefits from visitors to the Great Ocean Road Region?**

I'm a member of a community and I would like to be able to be heard as part of that because I think we have a lot of issues with our visitors and the way they come into Australia and don't have a drivers licence and it's really a hard choice for people but I think we need to change the way the state our roads are in we should think about having an input in the way we fund with our communities

Yes more about what we can do to help in our communities to support the way we use our government funding and what we think would be appropriate.

I will let you know as soon as I've have written all my answers and what I think we need is more to do with Disability and what we want because the government is hearing at all on what we have to say because people aren't listening so please stand and fight for what you believe in.
