Chief Executive Officer Model Delegation instrument for VicSmart applications

The Planning and Environment (VicSmart Planning Assessment) Act 2012 amended the Planning and Environment Act 1987 to enable planning schemes to set out different procedures for different classes of application. Planning schemes now provide for VicSmart permit applications in addition to the normal process for applications.

In mid September 2014, VC 114 amended the *Victoria Planning Provisions* and all planning schemes to introduce the VicSmart planning assessment provisions. Under the VicSmart planning provisions:

- A decision will be expected to be made within 10 business days
- Classes of VicSmart applications will be specified in the planning scheme
- VicSmart applications will be exempt from notice or third party review right
- Clause 61 nominates the Chief Executive Officer (CEO) of the council as the responsible authority for considering and deciding VicSmart applications.

Under section 98(2) of the *Local Government Act 1989* and section 188 of the *Planning and Environment Act 1987*, the CEO is able to delegate the responsible authority powers, discretions and functions to an officer of the council.

The responsible authority for the purpose of enforcement of a VicSmart permit will continue to be the municipal council (or its delegate).

The attached model delegation instrument has been prepared to assist the CEO.
